

## Assignment\_CombiningData\_E

Summary

Questions

<

>

### Tryout > 1: Question 1

#### Problem Statement

Identify publishers who have not yet published any journal.

For the given sample data, the following is the expected output.

#### Expected Output:

| PUBLISHERID |
|-------------|
| P104        |

#### Database Structure and Data:

Table Structure: Publisher (This table provides the details of all the publishers)

| Column Name   | Data Type and Size | Constraint         | Description                                                                      |
|---------------|--------------------|--------------------|----------------------------------------------------------------------------------|
| PublisherId   | VARCHAR(4)         | PRIMARY KEY, CHECK | unique id of the publisher, must begin with character 'P'. For ex. P101, P102    |
| PublisherName | VARCHAR(20)        | NOT NULL, UNIQUE   | name of the publisher, cannot be more than 20 characters                         |
| Rating        | NUMERIC(3,1)       | NOT NULL, CHECK    | rating given to the publisher, should be in the range of 1 to 5 (both inclusive) |

## Tryout > 1: Question 1

### Database Structure and Data:

Table Structure: Publisher (This table provides the details of all the publishers)

| Column Name   | Data Type and Size | Constraint         | Description                                                                      |
|---------------|--------------------|--------------------|----------------------------------------------------------------------------------|
| PublisherId   | VARCHAR(4)         | PRIMARY KEY, CHECK | unique id of the publisher, must begin with character 'P'. For ex. P101, P102    |
| PublisherName | VARCHAR(20)        | NOT NULL, UNIQUE   | name of the publisher, cannot be more than 20 characters                         |
| Rating        | NUMERIC(3,1)       | NOT NULL, CHECK    | rating given to the publisher, should be in the range of 1 to 5 (both inclusive) |
| ContactNo     | NUMERIC            |                    | contact number of the publisher                                                  |

Table Structure: Journal (This table provides the details of all the journals)

| Column Name | Data Type and Size | Constraint         | Description                                                                 |
|-------------|--------------------|--------------------|-----------------------------------------------------------------------------|
| JournalId   | VARCHAR(4)         | PRIMARY KEY, CHECK | unique id of the journal, must begin with character 'J'. For ex. J201, J202 |

## Tryout &gt; 1: Question 1

Table Structure: Journal (This table provides the details of all the journals)

| Table Structure: Journal (This table provides the details of all the journals) |                    |                    |                                          |                                                                                                                                |
|--------------------------------------------------------------------------------|--------------------|--------------------|------------------------------------------|--------------------------------------------------------------------------------------------------------------------------------|
| Column Name                                                                    | Data Type and Size | Constraint         |                                          | Description                                                                                                                    |
| JournalId                                                                      | VARCHAR(4)         | PRIMARY KEY, CHECK |                                          | unique id of the journal, must begin with character 'J'. For ex. J201, J202                                                    |
| JournalName                                                                    | VARCHAR(25)        | NOT NULL, CHECK    | JournalName should not be equal to genre | name of the journal, cannot be more than 25 characters                                                                         |
| Genre                                                                          | VARCHAR(20)        | NOT NULL, CHECK    |                                          | genre of the journal, cannot be more than 20 characters, and should be either 'Academics', 'Scientific', 'Politics' or 'Trade' |
| MonthlyCharges                                                                 | INTEGER            | NOT NULL, CHECK    |                                          | monthly subscription charges for the journal (in INR).                                                                         |

### Tryout > 1: Question 1

|                |             |                 |                |                                                                                                   |
|----------------|-------------|-----------------|----------------|---------------------------------------------------------------------------------------------------|
| Genre          | VARCHAR(20) | NOT NULL, CHECK | equal to genre | be more than 20 characters, and should be either 'Academics', 'Scientific', 'Politics' or 'Trade' |
| MonthlyCharges | INTEGER     | NOT NULL, CHECK |                | monthly subscription charges for the journal (in INR), should be more than 0                      |
| PublisherId    | VARCHAR(4)  | FOREIGN KEY     |                | publisher of the journal, refers to existing PublisherId in the publisher table                   |

Table Structure: Customer (This table provides the details of all the customers)

| Column Name | Data Type and Size | Constraint         | Description                                                                     |
|-------------|--------------------|--------------------|---------------------------------------------------------------------------------|
| CustomerId  | VARCHAR(4)         | PRIMARY KEY, CHECK | unique id of the customer, must begin with character 'C'.<br>For ex. C101, C102 |

Questions

&lt;

&gt;

## Tryout &gt; 1: Question 1

|             |            |             |                                                |
|-------------|------------|-------------|------------------------------------------------|
| PublisherId | VARCHAR(4) | FOREIGN KEY | to existing PublisherId in the publisher table |
|-------------|------------|-------------|------------------------------------------------|

Table Structure: Customer (This table provides the details of all the customers)

| Column Name  | Data Type and Size | Constraint         | Description                                                                  |
|--------------|--------------------|--------------------|------------------------------------------------------------------------------|
| CustomerId   | VARCHAR(4)         | PRIMARY KEY, CHECK | unique id of the customer, must begin with character 'C'. For ex. C101, C102 |
| CustomerName | VARCHAR(15)        | NOT NULL           | name of the customer                                                         |
| CustomerType | VARCHAR(10)        | CHECK              | type of the customer, should be either 'Regular', 'Privileged' or 'Prime'    |
| State        | VARCHAR(15)        |                    | state in which the customer resides                                          |
| City         | VARCHAR(15)        |                    | city in which the customer resides                                           |

Table Structure: Subscription (This table provides the details of all the subscriptions)

| Column Name | Data Type and Size | Constraint | Description |
|-------------|--------------------|------------|-------------|
|             |                    |            |             |

## Tryout &gt; 1: Question 1

Table Structure: Subscription (This table provides the details of all the subscriptions)

| Column Name      | Data Type and Size | Constraint         | Description                                                                         |
|------------------|--------------------|--------------------|-------------------------------------------------------------------------------------|
| SubscriptionId   | VARCHAR(4)         | PRIMARY KEY, CHECK | unique id of the subscription, must begin with character 'S'. For ex. S301, S302    |
| JournalId        | VARCHAR(4)         | FOREIGN KEY        | existing JournalId in Journal table                                                 |
| CustomerId       | VARCHAR(4)         | FOREIGN KEY        | existing CustomerId in Customer table                                               |
| StartDate        | DATE               |                    | starting date of subscription, default value will be the current system date        |
| DurationInMonths | INTEGER            | NOT NULL, CHECK    | duration of the subscription (in months), should be more than 0, default value is 3 |
| DiscountPercent  | NUMERIC            |                    | discount given to the customer on subscription (in percentage)                      |

Table Data: Publisher

## Tryout > 1: Question 1

Table Data: Publisher

| PUBLISHERID | PUBLISHERNAME     | RATING | CONTACTNO  |
|-------------|-------------------|--------|------------|
| P101        | Taylor & Francis  | 4.0    | 8765678932 |
| P102        | Wiley             | 2.0    | NULL       |
| P103        | Sage Publications | 2.0    | 7885678932 |
| P104        | World Scientific  | 3.0    | 9765678932 |
| P105        | Routledge         | 5.0    | NULL       |
| P106        | Springer Nature   | 4.0    | 7685655932 |

Table Data: Journal

| JOURNALID | JOURNALNAME            | GENRE      | MONTHLYCHARGES | PUBLISHERID |
|-----------|------------------------|------------|----------------|-------------|
| J201      | The Hollywood Reporter | Trade      | 130            | P105        |
| J202      | Kirkus Reviews         | Trade      | 90             | P102        |
| J203      | The Lancet             | Scientific | 75             | P106        |
|           |                        |            |                |             |
